2. EMPLOYMENT HISTORY/PROFESSIONAL RESPONSIBILITIES

2.1 Current Membership on Boards/Councils through which she exerts influence

- a. **On the Board Trustees, UZIMA Foundation,** from registration in 1995 to date. **Was Founding Chairperson up to 2001 and Member of the Board of Trustees to date.** This is a Charitable Trust registered in Kenya. "Uzima" is the Kiswahili word for "abundant life" or "good quality life" that the youth yearn for. The focus is on Youth Empowerment through improved health including control of HIV/AIDS and Malaria; Economic Empowerment through Youth Enterprise Program; Promotion of Justice, Peace and Good Governance; Compassionate Acts and Clean & Safe Fun.

- b. By Presidential appointment, **Chairman, National AIDS Control Council, NACC**, March 2003 to date. NACC coordinates the work and inputs of National and International Stakeholders in Kenya's National Response to HIV/AIDS. The 2005 & 2006 **UNAIDS Update Reports** on the global HIV/AIDS situation cited Kenya's achievements as a best practice in a number of key areas. Trend maintained with prevalence rate reduced from 14% in 2000 to 6.8% in 2003 and to 5.1% in 2006 and new infections from 120,000, then 85,000 and to 55,000 by 2006.
- c. **Chairman**, International Board of Directors of the **African Medical and Research Foundation, AMREF** from February, 2003 to date. On the Board since 2001. This is the largest health NGO founded and based in Africa, AMREF's mission is to improve the health of disadvantaged people in Africa as a means for them to escape poverty and improve the quality of their lives. While Chair of AMREF Significant expansion of medical services has occurred resulting in the increase of the annual budget from US\$19 Million in 2003 to US\$ 60 Million in 2007.
- d. **A member of the Advisory Board of the Kenya AntiCorruption Commission (KACC)** since its establishment in August, 2003 to which she comes from the **Kenya Medical Association (KMA)**. KACC is mandated to combat corruption and economic crime through law enforcement, prevention and public education.
- e. **On the Board of Directors, MAP International** Sept 2002 to date. With HQ in Brunswick Georgia, MAP International is a Christian NGO with the theme of HEALTH AND HOPE FOR A HURTING WORLD for over 50 years. MAP was very active in responding to the **2004/05 Tsunami crisis**. MAP's regular work in Africa and Latin America has been particularly outstanding in supply of medicines and in stimulating the involvement of Faith-Based Organisation's response to the challenges arising from HIV/AIDS and expansion of medical services.
- f. Attended and contributed to **White House Malaria Summit** on invitation of President and Mrs. Laura Bush marking the second anniversary of the President's Malaria Initiative (PMI), December 2006
- g. On **Global Health Workforce Alliance (GHWA) Board** since 2006. Addressing global shortage of Human Resources for Health; severest in Africa.
- h. **On the Action Africa Help – International (AAH-I) Board with HQ in Nairobi, Kenya**. AAH-I is an International NGO working in Conflict and post-conflict as well as drought-stricken and other threatened environments. **The largest operations are in Southern Sudan and Northern Uganda and also works in Somalia, Zambia, and Kenya**. Its focus is on the empowerment of communities as a strategy to improve the quality of life of people through their own involvement in health care, food production and good governance.

2.2. Director, United Nations Population Fund Country Support Team Addis Ababa (UNFPA/CSTAA): May 1993 - 31st December, 2000

Key responsibilities included:

- Providing leadership in building up a multidisciplinary team of over 20 international Regional Advisors to provide timely, appropriate and effective response to country requests for technical support in population and development programmes under three thematic areas of: **Reproductive Health** (including Adolescent Reproductive

Health), **Advocacy, Population and Development Strategies**. Dr. Miriam K. Were coordinated the work of the team of technical advisors in promoting national capacity building towards national self-reliance in the technical areas of Information, Education and Communication (IEC); Reproductive health; Data collection, Management, Analysis and Utilization; Youth and Adolescence; Reproductive Health Services; Gender; Population Policy and Socio-Cultural Research.

- Negotiating with Governments on key but sensitive areas in the field of Population and Development as to how the countries were to address them. These discussions were at the level of Ambassadors, Cabinet Ministers of various sectors including health sector and up to Heads of State and Government thus influencing opinion in Africa for improved reproductive health and other population services. African Heads of State honoured her by identifying her as **Sole African Candidate for the Executive Director of UNFPA** when a new appointment was due in 2000. Although the post went to another region, the high regard in which she is held continues.

2.3 Representative and Chief of Mission, World Health Organization to Ethiopia in Addis Ababa: December 1990 - May 1993

Key responsibilities included:

- Leadership in the containment of the huge epidemics that occurred soon after she became World Health Representative (WR) as the "rebels" took over leadership through. She was successful through advocacy for support from WHO/AFRO and fund raising from embassies in Addis Ababa.
- Support to government planning and management of national health programmes for improved delivery of medical/health services.
- Stimulating and monitoring implementation of the programme of technical cooperation between WHO and the Government
- Representing the World Health Organization in the country and Chief of Mission with oversight responsibilities for the WHO offices in Addis Ababa for OAU/ECA and Regional Emergency Centre. Through this pushed for the recognition of health as the foundation of development and raised visibility of medical services as development investment.

2.4 Chief Health and Nutrition/Senior PHC Adviser, UNICEF ETHIOPIA September 1985 - November 1990.

Within the UNICEF country office, responsible for management of a health and nutrition budget which was the largest, often over \$10 m per year

Key responsibilities included:

- Advisor to the UNICEF Representative on the thrust of the health and nutrition country programme
- Initiated with the Ministry of Health development of ACCELERATED CHILD HEALTH DEVELOPMENT (ACHD) Programme amidst civil war, drought and famine that raised child immunization from 3% in 1985 to over 60% by the end of 1990; establishment of ORS corners in most health services and promotion of home based ORT.
- Stimulation of collaborative activities between MOH, NGOs and UNICEF for

improved absorptive capacity that greatly increased access to medical/health services in antenatal care, delivery and family planning services as well as epidemic control and curative services.

2.5 Chairman, Department of Community Health, Faculty of Medicine, University of Nairobi: September 1982 - September 1985.

Key responsibilities included:

- Curriculum development for classroom and field work for medical, MSc Nutrition and MPH students on the Basic principles of Public Health. Particular attention paid to issues of promoting access to good quality medical services to all.
- Planning and coordination of classroom and field instruction experiences of medical and graduate students in the Department
- Resource mobilization in support of field work for exposing students to the challenges to be overcome for promoting access to health for disadvantaged communities.
- Representation of department/medical schools at professional levels and at MOH in various technical committees including the National Committee on the Development of Primary Health Care (PHC) and that of Communicable Disease Control (CDC) that focused on improving medical services and reduction of disease burden through control and timely management.

2.6 Lecturer/Senior Lecturer, Department of Community Health, Faculty of Medicine, University of Nairobi: Sept. 1974 - Sept. 1982.

Key responsibilities included:

- Was Director of **National Pilot Project in Community-Based Health Care** that took on **Operations Research**. Evidence from this Project presented at the 1978 international conference on Primary Health Care (PHC) that contributed to the adoption of the PHC strategy. Further success led to being awarded the 1978 Global UNICEF MAURICE PATE AWARD, the first time the award came to Africa.
- Departmental Coordinator of Graduate/Post-Graduate Studies & Research. Oversaw the development of research proposals of MSc and MPH students and junior staff on a whole range of topics for improvement of medical services and disease control.
- Classroom and field teaching for medical students in community/public health
- Organizing fundraising and execution of research activities on topics related to the development of health in communities.
- Participation in technical committees of MOH on behalf of Medical School as stated above
- Was **Chief Investigator** for a project financed by the Special Program on Human Reproduction Programme (HRP) based at WHO HQ with the title **Mechanisms for eliciting community participation in Family Planning Activities** that paved the way to broad participation of the people of Kenya in **Planned Parenthood** and contributed to the on-going demographic transition in Kenya.

2.7 Medical Officer, Ministry of Health, , March 1973 – August 1974

On completion of internship, posted to **Division of Communicable Disease Control**, Ministry of Health, Kenya. Developed the framework for **Integrated TB-Leprosy Control Program** in Kenya.

2.8 1965 – 1968: High School Teaching

Taught Biology, Chemistry and Physical Education at high schools (1966 – 1968). Left in 1968 to study medicine because too many students in her class were sick and there was a severe shortage of medical doctors in the immediate post-ndependent Kenya.
